Annual Quilt Seminar

April 28th - May 1st
2025

Elizabeth DeMoo

____ Featured ____ Teacher

I am Elisabeth DeMoo aka Annelies the creator behind [Brown Bird Designs](https://www.browncbirddesigns.com/). I am a creator at heart. In the past, I have dabbled in knitting, mosaic tiles, jewelry, soap making, drawing, quilting, and more. I have never met a craft I wouldn't want to try at least once. I am from New Mexico, but now I live in Tucson, AZ with my husband and four 4-legged roommates. A desert girl through and through. In 1999 I started quilting but started making garments when I was 8 years old through 4H. I started quilting in college when I lived with my sister and her family and fell in love with it instantly. A funny fact about me is I have such a hard time sticking to a pattern because I can usually find different ways to make something that will save me time.

The thing I like most about quilting is how comforting they are and how you can pour your heart and soul into something while you are creating it. And that it is here for decades providing warmth and big hugs for all those who get one.
